Subject: FW: ND call Thursday morning - agenda

Hi Holly,

I'd be glad to help with the URL Link to your folder. Typically, if the URL is longer than 255, then the link is probably to a specific document and not a folder; or sometimes it's because the link is to a folder to a classic sharepoint site. In that case, locating the document in a folder that's closer to the root helps. I'd be happy to chat with you anytime if you need.

Thanks,
Jeff

Jeffrey Hall

Andrew, that is so impressive!!

Hey - just wanted to let you know that the ND WQS documents, I'm just having a problem with the routing bot. Specifically, when I copy the link to the sharepoint folder I get an error message that I can't exceed 255 characters so I'm working on it...

Thanks for your patience!
